CAMERON OIL MILL PROPERTY SOLD

R. L. BATTE DISPOSES OF MILL AND GINS

"The property of the Cameron Oil Mill and most of my gin properties in and around Cameron have been sold," Mr. R. L. Batte Sr. said early this morning.

Mr. Batte has owned and operated this greatly needed industry of Milam County for almost 44 years. He took over this property from the old Milam County Oil Mill and owned and managed it since that time. Mr. Batte has retained his office and all the property on the North side of the Santa Fe Railroad.

The Southland Cotton Oil Mill of Paris, Lamar County, Texas, who own various Oil Mills in Oklahoma and Texas, have purchased the Cameron Oil Mill.

"The new owners have retained Busy Raymond, who has been with me in my office for 19 years. Mr. Raymond will leave my employ and enter on his duties with the new owners, but will make his office as he has in the past, in the front part of my office temporarily, until his company makes other arrangements. Our John C. Martin has chosen to remain with me and will hold his old office and look after my affairs," Mr. Batte stated.

"I want to say to my friends, the farmers, the businessmen and cattle raisers all over Milam County and to my ginner friends who so nobly stood by me in my struggle to make my Oil Mill a success, that I appreciate beyond words and expression the loyal, true friendship of each and every one of you. I find it useless to say that I will not leave Cameron. I was born here and will remain until the end.

"I feel that a word as to why I have sold will not be out of order. My advancing age must be taken into consideration. Also the fact that my plant has been located on the Santa Fe tracks and that their fast trains now run at 60 miles an hour and run every five minutes instead of every few hours, as when I first took over, increases the hazard many, many times.

"Force of habit will cause me to be early at my office. I love the early cool breeze and to breathe the pure air of the early morning. I love to witness my early morning shift at the Oil Mill and to hear the hum and whiz of the mill machinery and to breathe the sweet scent of the new made oil and meal as it comes from the presses, and to hear the negroes sing their songs, as I have heard them sing so many thousands of times during the past 65 years, as no one but the negroes can sing.

"I have tried at various times in the past to interest home people and Milam County people in taking over the Oil Mill, so as to be sure it would be kept in Cameron, but have not been able to do so. However, we are told by the new owners that the Oil Mill will always be operated.

"My office will be open to my friends and I shall appreciate a visit from any and all of them at any time. Again I thank all of you.

Frank H. Walzel To Seek Office County Clerk In Primary

Frank H. Walzel has announced that he will be a candidate for the nomination for County Clerk, subject to the Democratic Primary July 22.

The people throughout the County will receive this announcement with interest and will be glad to know of his intentions to seek the office.

His formal announcement will appear in this paper within a short time.

"My plans are to make an active campaign among my friends and supporters throughout the County," said Mr. Walzel.

Mrs. H. H. Haas and son Bobby are spending several days in Houston visiting in the homes of Mrs. Haase's brothers, Mr. and Mrs. Thomas J. White and Mr. and Mrs. Joe Bill White.

COUNTY E BOND QUOTA SET AT \$38,000

BOND QUOTA CAMPAIGN OPENS MONDAY MAY 15

Milam County has accepted a quota of \$38,000 for the sale of United States Savings Bonds during the Independence Drive, Henry Siebman, county Savings Bond chairman, announced today. The drive will begin on May 15 and continue through July 4.

The county's quota, and also the state quota of \$24,088,000, apply only to the sale of Series E bonds, the county chairman explained.

Symbol for the Independence Drive is the Liberty Bell, and the slogan is "Save for Your Independence Buy U. S. Savings Bonds". President Truman and Secretary of the Treasury John W. Snyder will participate in ceremonies to be held on May 15 in Independence Hall, Philadelphia, to initiate the national drive. The Texas "kick-off" will be held the following day in Fort Worth with the unveiling of an exact duplicate of the original Liberty Bell. During the seven weeks of the drive this bell will visit 120 towns in 87 Texas counties, on a 5000-mile tour of the state.

DOGWOOD TRAIL IS SHAPING UP FOR 1951

The 10 acre dogwood "snow bank" Gene (Dixie) Walker mentioned in his talk to the Rotary Club is not now accessible to those traveling by automobile.

He said there are more dogwood trees on this 10 acre tract than in the 500 acre dogwood park at Palestine.

He learned there were 100,000 out of town cars whose occupants came to Palestine this year to see the dogwood in bloom. If only two people occupied each car (and the chances are four would be more nearly accurate), then Palestine had at least 200,000 visitors.

If each spent as much as \$3.00 for food, drink, shelter, gasoline, oil, etc., to say nothing of other expenditures, there was \$600,000 of ready cash left in the Palestine area that would not have been there otherwise. As Mr. Walker says, "Milam County could use that much money each year."

To finance the beginning of what may become an annual influx of visitors to Milam county tickets have been printed and are now on sale in Cameron and other places. The funds will be used to make roads and to enable those driving cars to reach the areas where the dogwood grows.

Two Accidents Occur Near Cameron Last Saturday

Two automobile accidents occurred near the Cameron area Saturday during the heavy rain.

Frank Cheaney, Jr., student at A & M College was slightly injured around 10:15 when he lost control of his car on slick pavement and overturned. The accident occurred three and half miles south of Cameron on highway 36. Mr. Cheaney was enroute to his home at Copperas Cove to return with his mother to attend a Mother's Day program at A & M College on Sunday. The 1948 Frazier automobile he was driving was considerably damaged. He was treated for bruises on the head at Denson clinic, not seriously injured.

The second accident occurred five and half miles north of the city on highway 77. Rudolph Hromcik driving a 1948 Chevrolet was coming to Cameron and because of the spray of rain was unable to see the 1948 Chevrolet pickup driven by Calvin F. Gilbert of Ben Arnold and ran into the rear of the pickup causing some damage.

1200 SEATS ADDED TO SOUTH STANDS HERE

At a regular meeting of the trustees of the Cameron Independent School District Wednesday night, a contract was let to the Central Texas Iron Works for the steel for approximately 1200 seats for the Football Stadium.

The concrete and lumber contract will be let to local contractors by bid. This construction will be of something to the expansion of the Cameron Schools as Cameron is swiftly becoming a town of great football spirit and enthusiasm. This greatly needed project will be of great interest to the people of Cameron and near by communities. The board had bids from five different steel concerns and awarded the contract to the Central Texas Iron Works Corporation.

Construction engineers advised the board that it was impractical and too expensive to add seats to the present stands on the north side of the field.

It was decided at the board meeting that an effort would be made to set aside 500 seats and sell as reserved seats for the seasons games in order to help finance the cost of this new project. Approximately 600 seats will be built on each end of the present stands on the South side of the football field. The new addition will be the same height as the present stands.

Cameron has long needed this project to take care of the overflowing crowds that throng our Friendly City each football season to see the games played here.

This will be pleasant news to our out-of-town visitors as they will be assured of a good seat when attending the games played in Cameron.

The football fans of the city are very much pleased to hear of this Construction Project to improve the Stadium.

Bank Building Here Is Being Remodeled; Modern As Tomorrow

Extensive remodeling to modernize the Citizens National Bank is now under way.

Oxshere Smith, president of the bank, said this morning that various changes will be made throughout the bank.

Sam Biderman of Dallas is the architect for the remodeling project and W. A. Barker is contractor. These men built the Citizens National Bank for Mr. Smith in 1929.

The ceiling will be lowered about three feet to improve the heating and air-conditioning system and to provide better acoustics for the bank. The top windows will be replaced with edged stone and lower ones with Solax plate glass to give a better view from the outside of the building. This new glass is used in most of the new and modern buildings in the larger cities.

The doors will be of new type seen in the modern banks of today. The walls will have a light green color. A new and large electric clock will be installed in the rear of the bank. Fluorescent lighting system will be installed throughout the entire bank. Heating and airconditioning units will be the most modern available.

It will require a considerable amount of material and time for this remodeling job to be completed, probably eight to ten weeks.

When completed, this bank will be as modern as tomorrow, Mr. Biderman stated.

Roger Thomas, son of Mr. and Mrs. Bever Thomas is among the patients in St. Edward Hospital for treatment.

Mrs. J. V. Eanes attended the funeral of Grandma Boyd held in Chriesman Wednesday evening.

Eugene is the second high ranking student in the Senior Class for 1950 and will be Salutatorian at graduation exercises here May 23. He is the son of Mr. and Mrs. Stephen F. Polzer, Jr.

GRADUATION MAY 22 FOR EIGHTH GRADE

Graduation exercises for the Eighth Grade of the Ada Henderson Elementary School, will be held Monday evening May 22 beginning at 8 o'clock on the Yoe High Athletic Field.

C. L. Canady, principal of the school announced the program and said there were 80 members of the class, 30 girls and 50 boys.

The highest ranking pupils with an A average are: first, Jane Henderson; second, Donald Rose; third, La Vern Dodson; fourth, Martha Ann Collins; fifth, Johnny Green.

The following pupils averaged an A- for the year: Annie Hinyard, Marpuerte Hickman, Maysell Reynolds, Rose Marie Komar, George Childress, Dick Jenness, Barbara Jean Aigner, Gloria Jean Jackson, Billy Joe Reynolds, Cecil Hill, Margaret Angell, Erin Kruse, W. K. Leonard, Allen Schiller, Ethelyn Moraw, Franklin Stewart, Nancy Lawrence, Edward Brady, James Posey, Kenneth Cryer, Dorothy Fuchs, Betty Dell Crook, Bobby Jean McCown, Ben Hubert, Billy Newton, Sharon Jean Cammer and Rosalie Matyastik.

The large number appearing on this honor roll indicates that this group of pupils being promoted to the High School is above the average in scholastic standing.

Junior Chamber Slates Attendance Prize Meeting

Junior Chamber of Commerce will hold its monthly prize attendance meeting, Thursday.

These meeting have created great enthusiasm among the members. They were started to promote attendance of every member.

At the meeting tomorrow night a member will receive a \$10 attendance prize from First National Bank.

Last month Bill Arthur was awarded a rod and reel as prize for best attendance. This prize was given by Culpeppers' Store.

The first was born at 7:30 p. m. and weighed 7 pounds and 3 ounces. The second was born at 7:37 weighing 6 pounds and 5 ounces.

Their temporary names are A & B. The babies are the third set of twins, one set now dead. They have 9 children. Johnson is a sandy land farmer.

Rosebud Gets U. S. Loan For Water System

Rosebud received a loan of \$3,470 from the federal government today to pay for advance planning and specification of a water system estimated to cost \$88,275. Rep. W. R. Poage, 11th district, announced.

Mayor B. D. Wheelis has applied to the general services administration for this sum, 25 percent of which will be available at once and the remainder when plans are completed.

The money must be paid back when construction is started. Local sponsors expect to begin work on the waterway in March 1953, Poage was informed.

Czech Film To Be Shown At Marak On Sunday, May 21st

The Czech film "Cesky Muzikant" will be shown at the recreation hall at Marak Sunday, May 21, it was announced here to-day by Father Ben Holub, Parish Priest.

The show will get under way at 7:45 p. m. During the showing an inspiration and beautiful concert will be a feature.

Father Holub said this is the best Czech film on the market and is the story of the greatest Czech composer of all time for it tells the story of Francis Knoch from the age of 20 through his great career as a musician.

Admission will be voluntary.

Cameron Will Make Traffic Regulation Bid; New Policeman

At a meeting of the City Council Tuesday night it was voted to hire a city policeman to work with traffic in Cameron.

The new city policeman, is Jarrell Edmonds, local man, who was employed with the Richter Taxi Service until a few weeks ago when their business was sold. Mr. Edmonds is a veteran of World War II and has made Cameron his home the majority of his life.

He is well known and is considered by the Council, capable for this new position. Mr. Edmonds began his duties Wednesday morning, May 17, directing traffic downtown. He asks the cooperation of all the citizens to obey all traffic signals.

RIGHT OF WAY ON 36 WILL NOW BE SOUGHT

Acceptance of a proposed new route for Highway 36 through the city of Cameron, was voted by the City Council Tuesday night, it was announced by Mayor A. N. Green.

The city will notify the Texas Highway Department that it has accepted the proposed new route, running west from North Crockett across the tracks of the T & N O railroad and to the city limits north and west of the National Guard Armory.

The next step in the process will be for a survey by the Highway Engineer and preparation of deeds. After that the city must secure the property necessary for the right of way.

The Highway Department had first asked for 100 feet through the city but finally agreed to 80 feet. There will be a simple grade crossing over the railroad, it was said.

W. H. Stafford, city secretary, said that a bond election would have to be called to raise money for the right of way, since a warrant issue could not suffice. The city is limited under the law in the amount of warrants that can be issued.

It appeared a good proposal to vote short term bond and pay them off in a few years even though interest would be slightly higher.

It was said that some of the property owners were willing to give 10 feet on each side of the present 60 foot street but west of the railroad some three or four residences will have to be moved.

The Commissioners Court has voted to procure right of way west of Cameron through to the Bell county line and the Highway department has indicated an early contract to rebuild the highway from Cameron to a point near Rogers.

Highway 36 east of Milano must also be built and also 77 from Cameron to Rockdale.

BELL COUNTY IS HIT HARDEST BY STORM

Bell county's farm toll in Tuesday's rain and wind storms may run over a million dollars in what old timers say is the worst disaster in years.

Milam county, according to J. D. More, Farm Agent, escaped heavy damage although a heavy rain shortly after noon Tuesday brought some erosion to already soaked farm lands.

Some 125 farmers attended a poultry meeting in Cameron Tuesday night and it was said that the storm toll was negligible.

In the Sampedo Valley region 8 miles west of Moody the toll was said to be more than a half million dollars. The damage was widespread over central Texas with McLennan county and Coryell county near Gatesville reporting heavy crop tolls.

Under the provisions of the new farm bill no disaster relief is provided for.

In many sections of Bell county where the storm and rains wiped out crops it was said farmers will not now have time to replant.

The storm seems to have originated near Gatesville and moved in a southeast direction, spilling a deluge of rain on the area as far east as Cameron. Winds up to 60 miles an hour were noted east of Temple in the Big Elm Creek section.

Damage was especially heavy to oat crops and corn. Both crops are late due to the spring drouth.

Negro To Run For Lieutenant Governor

CORSICANA, May 9 — A negro Methodist minister from Austin said Tuesday he will be a candidate for lieutenant governor in the July 22 primary election.

P. E. Womack said he will file for the race about June 1 with Chairman John C. Calhoun of the Texas Democratic executive committee.

The minister, 58, was born in Free-store County, and is an African Methodist Episcopal Church minister. He has been a minister for 40 years and has lived since 1936 in Austin, where his home address is 1901 New York.

Milam County Farmers' And Ranchers Conservation Program Is Planned Here

Farmers of Milam County cooperating in the Farmers' conservation program are taking steps to follow through on conservation practices and cropping systems which were indicated when PMA community committeemen went with them over their farms recently. According to Mr. Paul C. Graves, Chairman, this conservation inventory, or check up, was made to determine conservation problems on each farm and then to get the farmer's own idea as to what he intends to do about correcting erosion, depletion or other conservation difficulties.

Mr. Graves said that a total of 2700 farms have been checked in Milam County. The county was divided into 8 districts with 8 community committeemen in each district or community.

Clarkson Community, Horace A. Bozeman, Ted Ford, Walter C. Kohring, Albert Dornier, Maysfield Community, Burnett Atkinson, Willard C. Cooper, Jesse P. Wise, Milam Community, George E. Bland, Amos D. Lagrone, Wesley Malone, Hugh Wimberly.

Rockdale Community, Fritz Doss, Herbert Menn, Emory Doss.

Thorndale Community, Bernard G. Barker, Max Hengst, Ed B. Moore, James L. Terry.

Sharp Community, Frank Gronck, Rogers Gilleland, Edward C. Looney, Buckholts Community, Ernest C. Fisher, Walter Hagemeister, Joe J. Marek.

Cameron Community, William M. Coward, James A. Mann, Frank J. Tomek.

Mr. Graves said one of the most serious problems as shown by this check up in Milam County is soil erosion and depletion. Thousands of acres need terracing and planted in soil building legumes. Many farms have been terraced and are using soil building practices, but the majority of our farmers are not taking the necessary steps to protect and build up their soil. The problem is so serious that in a few years, many now productive farms, will be in such a condition that the person living there will be unable to produce enough to provide for their families.

Our pasture lands are in serious need of attention. Many are over grazed and need reseeding and fertilizing. Farm ponds for adequate livestock water are seriously needed on many farms. Mowing and eradication for brush are needed badly. Many of our farmers conservation problems can be solved with a minimum of money and efforts, and with the assistance of the various Agricultural Agencies in Milam County.

Miss Dorothy Matthews has accepted a position with the Cammer Tailor Shop here. Miss Matthews began her duties with the Tailor Shop last week.

Raymond Perry, son of Mrs. Nymon Pressley of Cameron is on a six weeks cruise in the Caribbean after which he will return to Norfolk, Virginia, for a short stay when he will then sail for England. Mr. Perry before entering the navy two years ago was a student at Yoe High School. He is now eighteen years of age.

Probe on Increase In Texas Gasoline Prices Ordered

Attorney General Price Daniels said today that his anti-trust staff is investigating an increase in gasoline prices posted last week by 10 major Texas oil refineries.

The identical one-half cent per gallon increase, Daniel said, was the first gasoline price raise posted by the companies since they were all named in an anti-trust suit the State

filed on Feb. 21, 1949.

Since the filing of the suit, prices have increased in other States one to two cents per gallon without similar increases in Texas.

In the suit Daniel alleged the 10 major oil companies violated the State's anti-trust laws by maintaining an artificial uniform tank wagon price on gas in Texas since the end of the OPA and as a result it is delivered to Texas filling stations at a higher price per gallon than to stations in other States.

Henry Woods of Milano was a welcomed Cameron visitor Saturday of the past week.

Clifton R. Hargrove Dies In McKinney Hospital Wednesday

Clifton Richard Hargrove, Sr., died in a McKinney Hospital Wednesday morning at 6 a. m.

Mr. Hargrove was born April 8, 1900 at Tracy and married Marie Davis December 25, 1927. He was a veteran of World War I and has been active in the American Legion.

Funeral services were held Thursday, May 11, at 4:30 p. m. at the Nicholson funeral home. Burial was made in Woodland cemetery.

Survivors are his widow; one son,

Clifton, Jr., one granddaughter; seven brothers, A. C., Walter and Willard of Rosebud, Grady of Andrews, Ike of Fredericksburg, Nathan of San Antonio and Murray of Corpus Christi; five sisters, Mrs. Lola Kirk of Corpus Christi; Miss Bernice Hargrove of Temple, Mrs. Charlotte Little of Houston, Mrs. Lizzie Collins of Hearne and Mrs. Kathleen Stewart of Cameron.

Miss Nora Frances Baggett visited Rev. and Mrs. M. S. Pemberton in Houston over the week end. Miss Nora Fay Partee who had been visiting Rev. and Mrs. Pemberton returned with Miss Baggett back to Cameron.

MRS. F. F. REID RITES IN CAMERON TUESDAY

Mrs. F. F. Reid, 82, former resident here, died at 3215 Hanover Street in Dallas, Sunday, May 14.

Mrs. Reid was the mother of Frank H. Reid of Cameron and Phillip Reid of Dallas, and the widow of the late F. F. Reid, pioneer business man in Cameron.

She was a native of Louisville, Kentucky, born June 18, 1868.

Following the death of her husband here some years ago she moved to Dallas where she had lived until her death. Her husband owned and operated the Reid Grocery here for a long period of time.

Funeral services were to be held Tuesday, May 16 from First Baptist Church in Cameron by Rev. Percy A. Corkern, Pastor, with interment in Oak Hill Cemetery.

The body was due in Cameron at the Marek-Burns Funeral Home late Monday where it would remain until the funeral hour on Tuesday. The Spunkman-Brand Funeral Home in Dallas was in charge of preliminary arrangements in Dallas and would bring the body to Cameron.

Surviving are two sons, Phillip Reid, Dallas banker, and Frank H. Reid, business man in Cameron; one sister, Mrs. J. D. House of Paris, Texas and four grand children.

Pall bearers will be Lester Williams, Alvin Dusek, Ladis Marek, W. A. L. Robinson, E. C. Cole and Calvin Markham.

SEN. MCCARTHY DEMANDS TRUMAN FIRE ACHESON

Republican Senator McCarthy demanded today that President Truman fire Secretary Of State Dean Acheson and said his fight to expose alleged communism in the State department has only started.

In a quick counter move, the State department unleashed its third blast in 24 hours against McCarthy, digging up an episode in the Wisconsin senator's early political career and hurling a rebuttal to McCarthy's charge that department's loyalty files es have been "rifled."

Senator McCarthy said, "Come home, Mr. Truman, and fire the pied pipers of the Politburo. Fire the Headmaster who betrays us in Asia. Fire the collectors of corruption, those prancing mimics of the Moscow party line in the state department."

McCarthy said his battle to un-cloak reds in the government is the

toughest in his life, but the exmarine declared. "It has only started. As we cut nearer to the quick and more serious threaten the plans of those traitors to America, the squealing will become louder and the fight will become tougher."

McCarthy also called on Mr. Truman to oust U. S. Ambassador-at-large Philip C. Jessup. He told a reporter he would name His No. 2 case on the senate floor "If I am forced to do it." He has described the No. 2 man as an American envoy to Europe who allegedly slipped secret documents to a Kremlin spy. McCarthy has not put the envoy's name on the public record, but he is reported to be John Carter Vincent, a career diplomat who now is minister to Switzerland. Vincent has told the press that the State department would make statement on his behalf "when warranted."

Mrs. W. H. Tindall, Mrs. A. B. McFarland and Miss Geneva Coats visited relatives in Waco over the week end.

Delphian Club Awards Prizes At Flower Show

Tri Color awards at Cameron Delphian Club's Fourth annual flower show held in the fellowship hall of First Methodist Church Tuesday, went to Mrs. Emory B. Camp for the outstanding flower arrangement of the show and to Miss Olga Lange for the best horticulture entry. Numerous blue ribbons were awarded as were red and white for second and third places in the various divisions. Any deserving entry was given a ribbon though there might be several of each color in a division. There were more than 160 entries in the show and the specimen division climbed into new importance this year with an extra large number of entries. While the show was certainly successful both as to entries and attendance, it lacked the interest of its first three years and there were fewer outstanding arrangements than at the other three shows give by the club. Cameron Garden Club's first annual show which was held in

April detracted from the interest in the latter show.

The arrangement which won the tri color was in a dull red pottery bowl and was formed of Dainty Bess roses, Shrimp plant, pink rosebuds and the foliage and white buds of the nandina bush. Miss Olga Lang's horticulture winner was an Angewing Begonia with large clusters of pink blossoms.

Mrs. Alvin Dusek was chairman of the show for the Delphian Club and members of the club functioned on the various committees necessary. Visitors were present from several neighboring cities.

Winning blue ribbons in the individual arrangements of cut flowers were Mesdames E. A. Flinn, Alvin Dusek, J. C. Martin, E. A. Flinn (2), and Archie McLerran. Red ribbon went to Mrs. Jack Higginbotham, Miss Mary Randolph, Mrs. W. E. Gaither, Mrs. Archie McLerran. White ribbons were awarded Mesdames J. C. Freeman, Walter Sharpe, Frank Monroe, E. A. Flinn, Jim Kemp, J. D. Moore (2), Jack Higginbotham, Leland Green and Leo Fuchs.

Blue ribbons in the specimen class went to Mrs. Alvin Dusek (3), Dr. David Shapiro, Mrs. E. A. Flinn, Mrs. Rush Thomas, Mrs. W. G. Gillis (2), and Mrs. John Henderson. Red ribbons were awarded Miss Lillian Atkinson, Hilliard Thomas, Mrs. Alvin Dusek, Mrs. E. P. Werner and Mrs. Howard Baskin. Mrs. Alvin Dusek also won a white.

A new division for clubs was arranged this year and all clubs entering won blue ribbons on their exhibits. Three Arts Club placed three entries and all three won blue ribbons. Other clubs entering and awarded blue ribbons were Rotary Club, Cameron Garden Club, Cameron History Club, UDC, and Civic Garden Club.

All entries placed by men won blue ribbons also. Hilliard Thomas, J. C. Martin, Ernest Rischar, Walter Lester and M. G. Cox won top ratings.

Mrs. V. E. Lesikar with a unique arrangement of strawberries and foliage, and Alvin Dusek with a vegetable arrangement won blue ribbons in that division.

Blue ribbons in horticulture went to Mrs. E. A. Flinn, Mrs. Mewhinney, Mrs. Alvin Dusek, Mrs. A. L. Horstmann, Mrs. Leland Denson, Mrs. F. A. Marek and Mrs. W. J. Donovan. Reds went to Mrs. Dusek (2), Mrs. A. L. Horstmann, Mrs. M. M. Johnson, Miss Mary Randolph, Miss Olga Lange; and a white ribbon went to Leland Green 3rd.

Children winning were Marie Horstmann, blue, Glenn and Kenny Blake, red, Billy, Elizabeth and Turner Newton, red; Linda McKeown, blue, Carol McKeown blue; Ann Bowman, red; Marie Sherman, white; Pam Green, red; Johnny Smith, red; and Dorothy Kelly.

Jimmy Lawrence McClaren, little son of Mr. and Mrs. Lawrence McClaren of Marlow is ill and in the Torbett Hospital in Marlin for treatment.

MRS. SAM HENSLEE BURIED IN ROSEBUD

Mrs. Sam G. Henslee of Rosebud died at 4:30 a. m. Thursday, May 11 at the Rosebud hospital.

She moved to Rosebud as a young girl, attended the Rosebud high school and had lived there most of her life.

She was married to Sam G. Henslee, son of one of the city's builders and leading citizens, who has continued the record of this estimable family.

Elva, as she was better known, was the eldest of the Dowd family who were prominent citizens of Rosebud. She was a great lover of nature and was constantly seen working in her beautiful flower gardens. She lived, moved and had her being in her home and was ever mindful of her duties to her neighbors and was loved by every one who knew her.

Mrs. Henslee was constantly about her duties in the Missionary Society of her church. She will long be remembered for her many kind deeds

and thoughtfulness to others. She was well known in Cameron and liked by all who knew her.

Funeral services were held in the Nicholson Funeral chapel, Friday at 2 p. m., Rev. Don Box, her pastor, conducting the services. She was buried in Woodland cemetery, Rosebud.

Those left to mourn her are the devoted husband and son Samuel Douglas Henslee, Frances, his wife, her mother, Mrs. L. H. Dowd of Austin, a sister, Mrs. Sibyl Sullivan of Austin, and one brother, Dr. Morris D. Dowd of Austin.

Pallbearers were: C. E. Andking, D. L. Piper, Joe Smilie, J. A. Tarver, Jr., W. G. Robertson and J. J. Longmoor.

Mr. and Mrs. Clifford Marburger and family of Cameron Mr. and Mrs. Hugh Davenport and J. B. Mr. and Mrs. Fred Davenport and family were guests of Mr. and Mrs. Ollie Mode and family in Burlington the past Sunday.

STRIKE CRIPPLES TEXAS RAILROADS

Two Texas railroads were hit Wednesday by a locomotive firemen's strike.

The Santa Fe's crack Texas Chief streamliner was idled at Galveston. The Fort Worth & Denver City Railroad called off Dallas to Denver service.

Santa Fe's streamliner to Chicago, Ill. was delayed by a picket line at Sweetwater.

Locomotive firemen went on strike Wednesday against four railroads—the New York Central, the Pennsylvania, the Southern and the Santa Fe.

There were no signs of early settlement.

The Brotherhood of Locomotive Firemen and Enginemen has stood

pat on demands for an extra fireman on multiple Diesel locomotives and on small switch Diesels now operated by a single engineer.

Next move apparently will be for John R. Steelman, presidential assistant, to call the opposing parties into a conference at Washington, the Associated Press said.

Steelman himself had no such plans, he said. He indicated the problem still was in the hands of the National (Railway) Mediation Board, which had tried to make peace.

One third of the nation's rail passengers and a fifth of the country's railroad freight are carried normally by the four lines involved.

Neither of the Texas lines whose service was hit were directly involved in the strike. But as was the case in many parts of the nation, unstruck lines had trouble when their trains tried to go over rails owned by the struck companies.

The Texas Chief begins as a part of the Gulf, Colorado & Santa Fe. Firemen of the Gulf division are not on strike, but the division's trucks end at Purcell, Okla. C. L. Rich, Dallas division passenger agent, predicted that regular Galveston-Chicago schedules would be restored Thursday, with supervisory officials taking over vacant posts on locomotives.

Zephyr service between Dallas and Denver, Colo., was halted because Santa Fe tracks are used from Walsenburg, Colo., into Denver. The Zephyr will continue to run between Dallas and Amarillo, it was announced. One Zephyr was not allowed to leave Denver, enroute back to Dallas. The one that left Dallas for Denver Wednesday afternoon was due to stop at Amarillo.

The Santa Fe Streamliner to California was tied up at Sweetwater for four hours because crewmen honored a picket line at the terminal there. The train finally left Sweetwater at 12:30 p. m., manned by an engineer from Slason, a San Angelo trainmaster who acted as conductor, and a San Angelo roadmaster serving as fireman. Rails of the Santa Fe's Gulf Coast division end at Sweetwater and join Santa Fe branches affected by the strike.

The Santa Fe dumped an embargo on shipments of perishable freight and livestock.

Dallas passenger service to New York was crippled.

There was no immediate hurt to Dallas mail service. Postmaster J. Howard Payne said. Small delay is expected now, since mail is being rerouted, although Payne added that the situation might change in two or three days for the worse.

Mr. and Mrs. Billy Bulhorn and sons and Mr. and Mrs. W. W. Bulhorn are vacationing in Wichita Falls, Monday and other places of interest. Billy Bulhorn is assistant manager of the J. C. Penney Co. here.

Mother's Day guests in the home of Mrs. S. W. McClaren, Sr. were: Mr. and Mrs. Alvin Pyonnie and daughter Frances of Fort Worth, Miss Lucile McClaren of Waco, and Mr. and Mrs. Bill Vandeman of Mart.

Byron Neal, commissioner of Rockdale was a Cameron visitor Friday.

LOCAL SCOUTS PLAN VALLEY FORGE VISIT

Scout delegates from Troops in Cameron were being named this week for the coming National Jamboree at Valley Forge, it was announced by Lester Williams, President of First National Bank, Scout executive.

Scouts from Cameron Troops attended a called meeting in Temple Thursday, May 4, of Scouts who are going to the National Jamboree at Valley Forge. Scouts attending from here were Arthur Martin, Dick Jenins, Franklin Stewart, Johnnie Green and Bobby Balhorn and several of the parents. Edward Brady who is also going from Cameron was to present at the meeting.

The purpose of the meeting was to acquaint the boys with the kind of personal equipment to carry and a brief outline of the historical points of interest in Valley Forge and places to be visited. They were introduced to their adult leaders who will make the trip with their Scoutmaster of Jamboree unit 25, George B. Baldwin, Waco, Assistants B. J. Stephens of Waco and Harry D. Maxwell of Rockdale.

The troop will leave Waco at 2-10 p. m. June 21, arriving back in Waco at 11:00 p. m. July 10. They will go via Washington, D. C. in which they will spend one day visiting the Nation's Capitol, the White House and other places of interest. While in Camp they will spend one day visiting the "Friendly City" of Philadelphia where they will see the Liberty Bell, Independence Hall and other historical places. When Camp breaks up they will entrain for New York City where they will spend one day and until

11 o'clock that night at which time they will leave for Buffalo, N. Y., and a visit to Niagara Falls and a short trip across the border into Canada.

An overnight Camp will be set up in Cameron Park, Waco, May 27-28 for Jamboree Troop No. 25 and again June 24-25 for both Jamboree Troops No. 24 and 25. The last camp will be in the same order as it will be set up in Valley Forge and the public is invited to attend this camp at that time.

Poultry Clinic Will Be Held To-Night At Simon-George Hall

Plans have been completed for the annual Milam County Poultry Clinic to be held at Simon-George Memorial Hall at 8 o'clock tonight. Leo Fuchs, chairman of the poultry committee of the Cameron Chamber of Commerce, said.

W. J. Moore, poultry specialist from the A. & M. extension department, will discuss development of pullet management, and Ed Parnell will discuss poultry problems at the clinic. The clinic is strictly educational in nature to keep poultry producers in Milam county informed of the latest knowledge, Mr. Fuchs said.

Door prizes will be awarded and all flock owners are urged to attend the meeting.

Mr. and Mrs. Marvin Pratt and sons visited Mr. and Mrs. Charlie Pratt in Milano over the week end.

Mr. and Mrs. J. C. Brown of Florence in Williamson county, were in Cameron Tuesday to visit with Mr. and Mrs. J. B. White for the day. Mrs. Brown is a sister of Mrs. White.

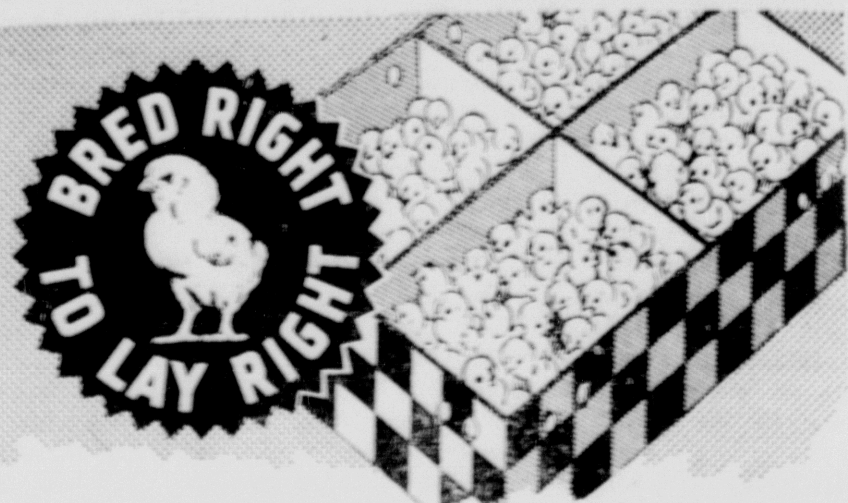

Owen Weems of Jacksonville visited his mother, Mrs. A. N. Weems here on Mother's Day.

Mrs. Charles Stone is ill and in Newton Memorial Hospital for treatment.

Mr. and Mrs. Willie Fulton of Grand Prairie were visitors in the home of her mother, Mrs. A. N. Weems the past week.

Mr. and Mrs. Joseph Hampel of Houston attended the funeral of James J. Hibner, Jr. held here the past Monday. Others from near Cameron attending were Mr. and Mrs. Fritz Wied, Mrs. Otto Wied of Burlington, Mrs. Elgin Hensel of Rosebud and many other relatives and friends.

A. D. Lagrone visited his parents and other relatives in Milano over the week end.

He's not worrying about security

And it's right that he shouldn't be... in fact he shouldn't have to worry about security for the rest of his life.

Of course it'll take some planning to banish security worries, planning you have to take care of now, that he'll have to shoulder later on. But planning can give him security.

He can be assured now of a good start in life if your insurance program includes provision for his college education. He can be assured, too, of income for the family after you have passed your best earning days, or in case anything were to happen that would leave him fatherless.

Adequate insurance protection for those close to you gives so much for so little that it's every man's duty to make sure his and his family's insurance coverage is fully sufficient.

BIG AREA OF CAMERON NOT YET ENUMERATED

Cameron's census work was falling short of its mark here Saturday with approximately 15 to 20 per cent of the city's area not yet canvassed.

It was disclosed that funds originally set up for the work have been exhausted for pay to a local supervisor and a district supervisor has taken over or will do so soon.

This situation of course makes it impossible for the local head of the census to continue.

Meanwhile the Cameron Chamber of Commerce was offering its services in any way that would expedite the work. To count every resident in the city is the aim of the final clean up canvass.

It was said early Saturday that much work remains to be done. It is highly important that everyone not yet enumerated contact the Chamber of Commerce or any of the census workers.

The Chamber of Commerce plans to start a campaign of publicity appeal next week and to publish census forms in the newspapers for the convenience of those who have not been contacted.

A full count means much to the city, in fact some industries and

vices might be lost if a full count is not made and the known increase in population is not officially recorded.

A new regulation, just out, will permit district supervisors to announce populations of cities and counties before figures are announced by the Bureau of census in Washington.

Yoe High Band Makes Rating In Concert

The Cameron Yoe High School Band came out with their usual triumph and colors flying in the Band Contest held in Waco last Saturday. The Band under the direction of Francis Cox made a First Division rating in Concert playing.

The judges praised the band very highly on their numbers in the contest. The two flute quartets also made a first division rating and were given the top honors. They were composed of: Albert McCullin, Joyce Allison, Ann Bradbury, Martha Ann Collins, Jane Henderson and Edward Brady. All of these received Medals and the Band trophy.

The entire Band and the director are to be highly complimented in bringing home the trophies once again.

Bands from all over the state competed in this state-wide contest.

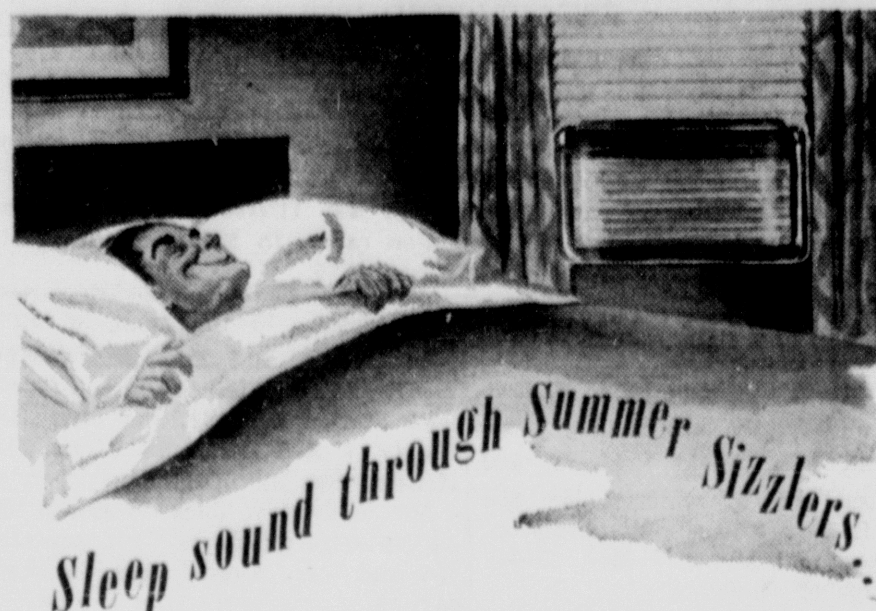

Walter Senkel is a medical patient in St. Edward Hospital. His many friends wish him a speedy recovery.

Temple Bank Announce Expansion Plans

The First National Bank of Temple this week announced plans for the second expansion of its facilities since the end of World War II.

Directors of the bank last week voted to sign a long term lease on the Saulsbury Building, which extends 60 feet north of the First National's present quarters and ordered that remodeling be started as soon as possible.

The bank will occupy the entire ground floor space made available by the lease, and may provide office space above to satisfy demands of a growing business community, W. Guy Draper, president of the bank, said.

SON OF THE STRICKLERS

TRAINS BEGIN NORMAL RUN IN THIS AREA

Schedules of Texas trains on which service had been curtailed because of the strike that ended Tuesday morning were completely restored by midnight Tuesday, officials at Fort Worth and Galveston announced.

J. P. Cowley, vice president and general manager for the Gulf, Colorado & Santa Fe at Galveston, said trains 5 and 6, which operate between Galveston and Chicago via Houston, Fort Worth, Gainesville, Oklahoma City and Topeka, will be in full operation by the end of the day. During the strike this schedule operated to Purcell, Okla., whenever flood conditions permitted but did not continue northward from there.

Trains 111 and 112, which were in operation between Dallas and Fort Worth during the strike with connections only with trains 5 and 6 and trains 77 and 78 between Fort Worth and San Angelo, are back on the regular schedule through Dallas, Fort Worth, Oklahoma City and Chicago, Cowley said.

In South Texas, trains 65 and 66, the Houston section of the Santa Fe's Grand Canyon and California train, is back in service.

The Texas Chief, which operates between Galveston and Chicago over the same route as trains 5 and 6 was restored to normal schedules prior to settlement of the strike.

O. D. Crill, GC&SF superintendent at Fort Worth, reported that operations were being resumed smoothly and no freight congestion had occurred as a result of the strike by the Brotherhood of Locomotive Firemen and Enginemen against five major lines.

Plans to re-route the Fort Worth & Denver City's Texas Zephyr service to Denver were abandoned and the train will run over its normal Santa Fe tracks.

Falls County Judge To Washington For Road Bill Talks

Falls county Judge Fred B. Glass, who is President of the County Judges and Commissioners Association of Texas, has been invited to testify at a Senate Public Works Committee hearing in Washington on May 18.

The hearing to be held is on the Chavez bill S-3424 introduced by Senator Dennis Chavez of New Mexico. The bill contains far reaching provisions for Federal aid for rural roads, outside the present secondary, or farm-to-market, system, to be constructed in cooperation with the counties. This bill, if and when it becomes effective, provides funds for Federal and state aid to counties in the construction of low cost all weather roads.

The State Association of County Judges and Commissioners has endorsed this bill and the President has written each congressman and senator from Texas requesting them to actively support the measure.

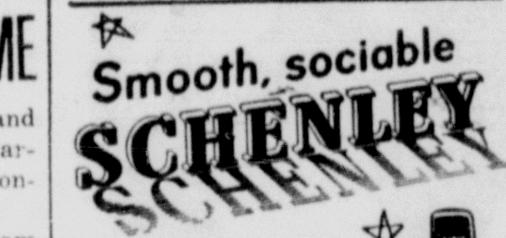

Cotton Insect Control At Farm Bureau Meet

There will be a general meeting of the Milam County Farm Bureau on Thursday, May 18, at 8 p. m. in the District court room of the court house. This meeting will be on cotton insect control.

J. D. Moore, Milam county agent, will be present to discuss the correct way in using insecticides for cotton insect control. Films will be shown to all members and farmers engaged in cotton production. All are urged to attend this insect control meeting.

Since the cotton quotas have been established, there will be considerable amount of cotton lands to be planted in other crops this year.

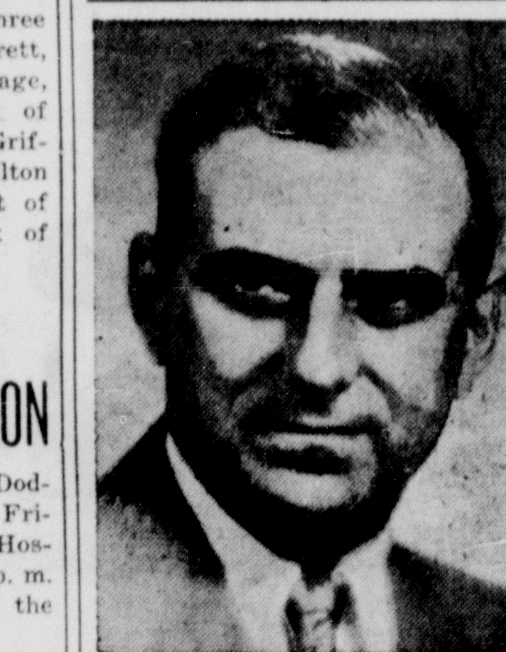

This program is brought here through the Crop Conservation Committee of the Chamber of Commerce.

Miss Evelyn Swanzy Winner in 4-H Dress Revue Here Saturday

(By J. D. Moore, County Agent)

Miss Evelyn Swanzy, of the Burlington 4-H club, daughter of Mr. and Mrs. W. D. Swanzy of Burlington, who modeled a gray dressy suit with black accessories and pink shoulder corsage, was announced winner of the Milam County 4-H Dress Revue, held Saturday, April 29, in the District Courtroom in the Courthouse in Cameron, and was awarded a blue ribbon.

A close second for top honors and also a blue ribbon winner was Miss Bette Lee Graham, daughter of Mrs. Iva Lee Graham, of the Thorndale 4-H club, who modeled a school dress of blue with white polka dots with red with white polka dots trimming. Both blue ribbon winners were in the 14-15 year-old class.

Red ribbon winners in the Revue were divided into two groups. In the 9-10-11 year-old class, we have two red ribbon winners. They were Miss Peggy Inge, of the Buckholts 4-H club, who modeled a red print gathered skirt, and Miss Edna Doris Stripe, of the Buckholts 4-H club, who modeled a green print circular skirt. In the 12-13 year-old class, there were six red ribbon winners. They were Miss Joyce Hensel, of Burlington 4-H club, who modeled a blue dressy dress, Miss Grace Stoebner, of the Buckholts 4-H club, who modeled a blouse, Miss Florence Swanzy of the Burlington 4-H club, who modeled a tailored suit, Miss Bernice Fisher, of the Buckholts 4-H club, who mod-

eled an aqua dressy dress which can also be worn as a school dress without the aqua hat and white eyelet drawstring purse which she also made, Miss Dorothy Hundle, of the Buckholts 4-H club, who modeled a dress, and Miss Johnnie Smith, of the Thorndale 4-H club, who modeled a print skirt.

Winners of white ribbons in the 9-10-11 year-old class were Miss Rosa Mae Beard, of Thorndale 4-H club, who modeled a pink organdy blouse, and Miss Rita Moraw, of the Burlington 4-H club, who modeled a white apron with pink ric-rac trimming. White ribbon winners in the 12-13 year-old class were Miss Anita Rose Love of Thorndale 4-H club, who modeled a white apron with red ric-rac trimming, Miss Patsy Moraw, of the Burlington 4-H club, who modeled a yellow pique sun suit with shoulder cape, and Miss Stella Ann Turner, of the Thorndale 4-H club, who modeled a purple dress with white lace trimming.

Those girls just missing an award by a few points for various reasons were Miss Dorothy Vansa, age 12, who modeled a brown print dress with scalloped neckline, Misses Clara and Olga Horelica, age 15 and 14, respectively, who modeled twin dresses of purple with white collar and elbow sleeves with white cuffs. All three girls were from the Marek 4-H club. The Judges, their sponsor, and their fellow 4-H club members wish them better luck next time. After all, our 4-H motto is "To Make the Best Better."

A total of 18 girls entered the Revue, representing four of the seven active 4-H clubs in Milam County.

An audience of approximately 40 guests, parents, 4-H leaders and friends attended the Dress Revue.

Flash pictures were taken of each group of winners and then one of the entire attendance at the Dress Revue. Mrs. M. H. Wimberly, local H. D. Club woman from the Hoyte Community, introduced the girls as they came on the stage modeling their entries.

The 4-H leaders and all who co-operated with them to make this Dress Revue such a grand success were commended for their efforts by Miss Margaret Bracher, District H. D. Agent from College Station, Texas at the end of the Revue. She also gave a short talk on "Don't Over-Accessorize". "By accessories, we mean everything you wear except your basic dress," she began. "Girls either wear too much jewelry or what little they do wear, is usually in bad taste or perhaps the color of their dress

and socks clash, which is just as bad", she continued. Miss Bracher mentioned several incidents in other Dress Revues, which she had attended these past few weeks, which illustrated her point. "These things are what we must get away from," she emphasized. Your mother or your 4-H leader, or both," she concluded, "will help you, I'm sure, to keep your accessories as simple as possible and choose what would always be good taste no matter what the occasion."

Judges for the Revue were Mrs. Mary Cleveland, County H. D. Agent, Burleson County, Mrs. John E. Mruustik, 4-H leader, Burleson County, both of Caldwell, Texas; Mrs. Orla Butler, Milam County H. D. Club representative from the Conoley Club; and Miss Margaret Bracher. Miss Bracher presented all blue, red, and white ribbons to the winners.

RAIN STORMS LASH WEST TEXAS AREAS

Rains in the Cameron area was .36 of an inch Wednesday night, according to L. W. Smith at the Community Public Service.

High winds, heavy thundershowers and hail bombarded the South Plains of West Texas Wednesday.

Winds in gusts up to seventy-five miles a hour hit Lamesa area, knocking out windowpanes in a school, breaking trees and causing minor damage to farm outbuildings. A heavy downpour brought 1.18 inches of rain.

A 15-minute hailstorm broke windowpanes and neon signs and damaged roofs in Pecos, some 140 miles southwest of Lamesa.

Rolling black clouds and rain darkened Lubbock at midday so that businesses, schools, homes and cars turned on their lights.

A dust storm borne in on high winds swept over Ballinger, thirty-one miles northeast of San Angelo.

Hail in the area northwest of Electra in North Texas Tuesday night caused from 30 to 90 per cent damage to approximately 5,000 acres of wheat.

Down at Presidio the temperature

reached 101 degrees under a clear, hot, blue sky.

The thunderstorm activity extended from Ardmore, Okla., on a line through Wichita Falls and down to Big Spring. Wichita Falls had an inch and a half of rain.

South Plains farmers were overjoyed with the rains, since cotton planting season starts in two to three weeks.

Rains in the Lubbock area ranged from .3 to an inch at the weather station to .72 at the experiment station and more than an inch at numerous points over the South Plains area.

HIGH WINDS DAMAGE FIELDS IN COUNTY

High winds and a violent rain storm late Saturday brought a deluge of water to a wide area of the county with resulting damage to farms and growing crops.

The rainfall in Cameron was 2.42 Saturday including an early morning downpour. The major fall came shortly after 6 p. m. when a violent storm swept in from the west.

Elm Creek went out of its banks for the first time this year but there was little overflow damage. Corn crops were damaged by the high

winds and small cotton was deluged by water with considerable damage resulting.

So far as known no damage beyond crop loss was reported despite a heavy hail during the rain storm.

L. W. Smith of the Community Service Company, said that the rainfall here was violent but did not last long. It was said that more than an inch and a half of rain fell in less than an hour early Saturday evening.

Heavy rains were reported west and northwest of the city and over a wide area.

Forecasts are for hot days ahead. Cool weather had prevailed since April but at last this section may get its first taste of summer now that June is just two weeks ahead.

FORMER RESIDENT HERE DIED IN STEPHENVILLE

Newton McDonald former resident here, 67, passed away April 11, 1950 at his home, 1094 Vanderbilt in Stephenville.

Mr. McDonald was stricken with a severe heart attack in the early afternoon of that date and died at 5:30 p. m. He had been in failing health for several months, but continued active and about until the day he became ill.

Mr. McDonald was born in Milam County near Rockdale in 1883; moved with his father, the late A. J. McDonald to Mills Co. when a young man, but spent a number of his later years teaching school at Jones Prairie and Ben Arnold. He also worked at The Citizens National Bank in Cameron for three or four years. He has many good friends in Milam County who were always interested in him and would want to know of his passing.

Since leaving Cameron he has lived at Anson, where he traveled for Stationery supply companies for Courthouses and banks. He married Miss Ola Dunwoody of Anson in 1925. Two years ago he moved to Stephenville so his son could attend John Tarlton college.

He became a Christian in early manhood and was a member of the First Methodist church of Stephenville. He was tenderly laid away in Stephenville's land of memories, and is survived by his widow and son, Jim; and two sisters and three brothers.

Communist Loose Election In Lower Austria

The recent Municipal election in Lower Austria which comprises the greater portion of the Soviet zone in Austria, affords a rare glimpse into the state of mind and political thinking of a people suffering under domination.

Communist political pretensions in the region were smashed. The voters threw out of office all mayors who had been appointed by the Russians in 1945, purged city and town councils of communist control and left the party holding only 5 per cent of the total votes.

This result came about despite the fact that the region is occupied by Soviet troops and in the face of threats and attempts at coercion by Russian authorities. The split which divides Germany into two governments, one dominated by Soviet Union does not exist in Austria. Even so the forthright balloting by the Austrians is a courageous tradition.

Lower Austria has slapped Soviet communism hard and the blow has stung. That it was not unexpected does not lessen its force and it will be noted by other peoples who would do the same thing if they could. The Austrian election is both a measure of declining communist strength in Western Europe and an indication of the potential upon which the Soviet police has clamped a lid.

Mr. and Mrs. Frank Richards visited Mrs. Richards mother, Mrs. R. M. Kennedy in Temple Sunday.

Mr. and Mrs. J. R. Poole and sons visited Mrs. Pooles parents, Mr. and Mrs. Jas. W. McCown in Canton Sunday.

RAIL STRIKE HAMPERS TRAIN SERVICE HERE

Normal operation of the Texas Chief, crack Santa Fe passenger train between Galveston and Chicago, will be resumed Saturday, it was announced by W. DuBois, agent here.

Mail service has been restricted but is back at normal tempo now since all mail is being brought in by the stream liners.

Up to Friday the Chief had been normally operated from Galveston to Purcell, Oklahoma. Firemen in the Gulf division of the Santa Fe are not participating as yet in the strike, but north of Purcell and west on the line to California the firemen are on strike.

The mother is the former Miss Margaret Matula of Cameron and daughter of Mr. and Mrs. E. A. Matula. The baby is the first grandchild in the Matula family. Mrs. Matula is in Childress and A. E., manager of the Wm. P. Carey Lumber Company here, plans to be in Childress this week end.

The baby has been named David Earl and weighed 7 pounds and 4 ounces at birth.

Mr. and Mrs. T. C. Turnham have returned to their home in Long Beach California after spending a two week vacation visiting his parents, Mr. and Mrs. C. M. Pierce and visiting friends in and around Cameron. Mr. Turnham is with the Long Beach Tile Company there.

Walker Cox of Rosebud visited in Cameron one day this week.

PRESIDENT PROCLAIMS FAITH IN HIS PARTY

CHICAGO, May 15 — President Truman lashed out tonight at the "obstructionists" he said are trying to thwart the Democratic dream of greater security for all the people.

Climaxing a 6,000-mile whistle stop tour, the President told a cheering throng of party faithful that overflowed the 22,000-seat Chicago stadium he hopes these obstructionists will be removed in the November congressional elections.

Declaring that only the Democratic party can make come true the American dream of better health, education, security and recreation for all the President said:

"There are still many backward-looking senators and representatives who have tried to defeat every progressive measure they could and to obstruct and delay those they could not defeat."

One of Chicago's bigger and better shows preceded the President's appearance at the stadium, where six years ago he first was nominated for vice-president.

A parade that started at his hotel near the lake front wound two torch-lighted miles through the "Loop" district to the west side stadium.

A crowd police estimated at 400,000 persons lined the streets. There were cries of "Hi Harry" and some signs bearing the legend, "We're for you in 1952."

Speaking at the climax of a Democratic party's Jefferson jubilee celebration, the President took to task the "sour critics" he said contend that he has only "idle dreams" for the future of the country.

He summed up the party's objectives this way:

"We do not share the delusions of the extreme left. We reject the godless theories of communism. We believe in the free will of men and in the democratic exercise of his rights as a human being."

The President poked fun at Republican attempts to check up on his tour crowds and his speeches.

Without naming Victor A. Johnston, the GOP representative, who has shadowed the presidential trip by chartered airplane, Mr. Truman said he thought the GOP agent found the crowds "disappointing . . . that is, disappointing to him."

The whole business reminded him of a poem, the President said. He recited:

"I have a little shadow
That goes in and out with me,
And what can be the use of him
Is more than I can see."
The quotation is from Robert Louis Stevenson.

New Virus Disease Invades Texas Sweet Potato Fields

The new virus disease which is found among sweet potatoes is known as internal cork. Research work has been started and the disease has been found in a number of additional counties this spring. It was first found in Texas in Morris county last year.

Dr. A. A. Dunlap, head of the department of plant physiology and pathology of Texas A&M College, said that the disease is spreading rapidly through out Texas. He states that the disease spreads while the potatoes are in winter storage and that each spring the potatoes should be inspected thoroughly before planting time. Also he said, that state inspectors will continue their close inspection of the disease as to prevent further spreading of this bad menace to sweet potato production.

An experiment is now underway at College Station to test the resistance to certain varieties of sweet potatoes to this disease. Diseased plants have been established in the nursery and from the sweet potato investigation laboratory. These will be tested by the department to find out the reaction on normal plants.

The horticulture and entomology departments will cooperate with Dr. Dunlap and his group in making the resistance tests.

J. D. Moore, county agent, said this morning that he had pamphlets at his office at the Post Office on this new Fungus disease invading the sweet potato fields.

Monday Last Day To File for Legislative Post In Texas

Monday, May 15 is the last date on which candidates for Representative to the Legislature may file for the July Primary ballot, also it is the last day for candidates for Congress, state senator, district judge and for places on the court of appeals.

The filing date deadline was enacted into law at the 1946 session of the Legislature to bring a uniform time for such filings.

June 17 is the last date for filing for county and precinct offices.

Mexican Leaders Thank People Here For Their Cooperation

Victor Bermudez, Secretary of the Mexican patriotic committee, requested this newspaper to express to the people on behalf of the organization, sincere thanks for their cooperation in the recent Cinco de Mayo celebration.

Mr. Bermudez said the celebration

was well attended not only by members of the Mexican colony here and from over the territory but the white people also made up a large per cent of those enjoying this great patriotic occasion.

The leaders of the Mexican patriotic organizations here deserve much credit for their great work in staging their unusual celebrations.

Sam Hohenstein spent several days in Austin on business the past week.

FARM LANDS DRENCHED IN MORNING DOWNPOUR

Heavy rains fell over a wide area of Milam county farm lands Saturday morning and prospects were that the fall would be heavy by midday as rain was falling heavily at 10 a. m.

High winds accompanied the first showers but no damage was reported.

While no official estimate was available here it was believed that more than an inch had fallen up to noon. This coupled with one third of an inch Thursday might bring the total to around two inches.

Farm crops and vegetation were greatly advanced by the rain and pastures and stock water were replenished. The weather was running true to form with May rains deepening the earth's moisture for the coming heat of summer.

3 German Children Arrive To Make Home With Falls Co. Couple

In Dallas yesterday morning, three German children got off a plane and just stood there on the runway silently.

They couldn't speak English, so they couldn't say a word to their new parents, Mr. and Mrs. W. V. Weaver, a farm couple in the little community of Durango, in Falls County, Texas, who came to Dallas to meet them.

Thirteen-year-old Erma kept looking at her new mother. Twelve-year-old Elsie acted as if she wanted to cry, and nine-year-old Horest just grinned.

Their father, Leo Kunkel, was considered a wealthy farmer in the Polish corridor of Europe until the Russians came through during the war and put him in the work camp, where he died.

Mrs. Kunkel and the three children were sent to a concentration camp. In March 1947 Mrs. Kunkel wrote her last letter from Russian occupied Germany.

"Help my children," she wrote to relatives in the American zone of Germany. "Help them to be freed from this land." A week later she

died. Her cousin Paula Gotell of Weisbaden, wrote to her own cousin in America—Mrs. Weaver. And the Weavers could help—and did.

The Weavers came to Dallas Monday and expected to meet a plane that day but it was delayed for twenty-four hours. So they stayed over until Tuesday.

It took four years for the Weavers to unwind all the red tape necessary to get the children to America.

In the meantime they had sacrificed and done without things, to pay transportation expense of getting the children here.

"We got three children instead of a new car this year," they said.

DEPUTY BACK ON JOB

Will Vaughan, Deputy Sheriff was in his office Tuesday for a few hours. Mr. Vaughan had an operation at Torbett Hospital in Marlin recently and is improving. His many friends in Cameron were glad to know of his improvement.

Misses Norma Gee and Billy Mae Lunsford are confined to their home this week with measles.

Constable Fred Gantt of Thorndale was in Cameron on business the past Wednesday.

ALL 254 OF THEM!

W. O. Newton, Chief Traveler From Cameron, Has Seen Every County Seat In Texas

By THOMAS TURNER
Central Texas Bureau of The Dallas News

Meet one of the few men in Texas who has personally driven through every one of the 254 county-seat towns in the state that is famed and feared for its size.

Also, who has motored through each of the forty-eight states of the nation and all but a few of the Canadian provinces.

All without scratching a fender on the dozens of cars he has worn out.

He is a white-haired bank vice-president, Walter Newton of the Citizens National Bank at Cameron. To make his feats more amazing he's one Texan who doesn't like to brag about them. He's downright reticent about his travels.

Newton has been working for the Cameron bank for forty-four of his sixty-six years, with a few time-outs. He first got interested in traveling through his road work for the bank. Now it's hard to say whether it's work or fun.

His wife has made most of the mileage with him. She has a thick collection of photographs to vouch for most of the travel including two shots of all but two of the court-houses in Texas, probably one of the few such collections in existence.

The two courthouses she lacks are at Eagle Pass in Maverick County and Bay City in Matagorda County. She didn't have her camera along on those trips.

She'll get those one of these days," says Newton confidently.

As one of the few men who have seen much of every part of Texas, does he think any one section is the prettiest or the best?

"I don't believe I could rate any

one section over the other—they are very different in character and every part of the state has so many fine features," he says in his slow, amiable tones.

How does he account for his amazing safety record in the countless thousands of miles of auto travel?

"I suppose it's simply because I am old enough to be conservative and want to stay safe."

Despite his decade of travel, Newton still gets enthused over the prospect of a trip. One time he took a 1,080-mile swing on Tuesday and Wednesday and Thursday was back at his desk for work as though he'd just stepped out for coffee.

His three sons—he lost a fourth in the war—used to kid him about taking a trip up the Continental Highway through Alaska. They finally stopped, though, afraid that he was really beginning to ponder the idea.

He knows his way around in every nook of Texas, but his "travel bible" still is the Texas Almanac. The latest copy always reposes in his thick brief case. For business or travel aids, it's his best bet, he says.

Newton is slowly tapering off on his weekly business travels and is breaking in a young assistant to step into his seven-league shoes.

That has its advantage, he thinks. Then he'll have more time to do some driving just for fun.

This summer, for instance now, he figures he'll take a little side trip. Hasn't figured out yet whether he'll motor through Mexico or take his car down to Cuba for a few days' driving.

Mr. and Mrs. Charles Barr of Independence, Kansas and Mrs. Alfred sandwith and son, Carl of Parsons, Kansas are visiting in the homes of Mrs. F. E. Jackson, Sr., Mr. and Mrs. F. E. Jackson, Jr., and Mr. and Mrs. Fred Jackson, Sr., and son, Fred, Jr.

Dick Depew of Houston spent the week end with his family here.

Beatrice Michalka Receives Honors

Miss Beatrice Michalka, daughter of Mr. and Mrs. W. J. Michalka was awarded one of the three Pan Hellenic scholarships given the students of high scholastic attainment. The meeting was held Friday night, May 6 at the Swing out ceremonies of the University of Texas.

Miss Michalka also received her second award the Kappa Kappa Gamma Donna Dellinger award in

Dramatics. The past semester she made the Summa Cum laude honor roll and last year was recipient of the Delta Phi Epsilon award. Miss Michalka is a graduate of Yoe High School class of 1947. She will enter the University as a senior next fall to complete her degree.

J. A. Blasienz of the Clarkson community was a business visitor here one day this week.

CRIPPLED CHILDREN'S CLINIC HELD MAY 8TH

The College Station Hospital Annex was the scene of the annual District Crippled children's clinic held this year on Monday, May 8.

Children who attended from this county were supervised by the Health Unit Staff Nurse, Mrs. Cynthia Saage, and the County Gilmore-Aikin nurse, Mrs. Ruby Ellen Brown.

Nine of the 47 known crippled children cases in Milam County were present. These children were examined, and their further needs will be attended after their application blanks for additional treatment are accepted.

Quite a large per cent of the crippled children in Milam County have been sent to previous clinics where they were placed under treatment of orthopedic surgeons through out the state. Because of the fact that they are under treatment at the present time, it was not necessary for them to attend the recent clinic at College Station.

The crippled children's program in Milam County is one of the health activities that has exceeded expectations. This year a clinic in Cameron was offered but, because the offer came too late, it was necessary to wait until next year before plans can be completed for a clinic of this type.

Grasshoppers Not Ready

(By J. D. MOORE, Co. Agent)

Continued cool weather through April delayed the grasshopper hatch as well as the development of the small hoppers already hatched, reports J. D. Moore, Milam County Agent.

John A. Smith, whose farm land is along the Brazos River in the Branchville Community says he is still finding additional small grasshoppers which indicates the hatch is not complete enough to start poisoning now. Mr. Smith sprayed twice with Toxaphene last year to control the hoppers. He is of the opinion that if he had waited until the hatch was complete, he would have saved one operation with good control.

Farmers are urged to determine the location of dangerous infestation of young grasshoppers in relation to the field planted to crops. They may be found on roadsides, field margins, or idle lands bordering cultivated fields. Spray or dust these places when the main hatch is completed or when the young grasshoppers begin to move off the hatching grounds.

Timely spraying or dusting of vegetation will destroy grasshoppers before they move into the fields. Farmers should use ½ to 1 lb. of

technical Chlordane and 1 to 1½ lbs. of Toxaphene per acre as a spray. Chlordane may be used as a dust at the rate of 3-4 to 1½ lbs. or Toxaphene at the rate of 1½ to 2½ lbs. of technical material per acre. Additional information may be found at the County Agent's Office.

Sheriff and Mrs. Carl Black and Grady Allen were in Waco Thursday evening at which time Billy Black received his master degree.

Mr. and Mrs. Ora Arnold and girls of Camp Hood visited relatives here Saturday.

Jimmy McGregor, son of Mr. and Mrs. C. T. McGregor of Route 3, Cameron had a tonsilectomy operation at the Newton Memorial Hospital Wednesday of the past week and is improving nicely.

The many friends of Mrs. Marvin Pratt will be glad to know she is improving in Newton Memorial Hospital and will be able to return to her home Thursday.
